*Book Review: The Monster*

This book recounts the story of the Dover Demon, a mysterious creature that reportedly appeared in Dover, Massachusetts, in 1977. Includes eyewitness accounts, alternative explanations and the newest theories. In three separate encounters, several teenagers gave similar descriptions of an eerie and unidentifiable creature. Details are provided about the sightings, the subsequent investigation, and media reports that followed.

This book recounts the story of the Dover Demon, a mysterious creature that reportedly appeared in Dover, Massachusetts, in 1977. Includes eyewitness accounts, alternative explanations and the newest theories. In three separate encounters, several teenagers gave similar descriptions of an eerie and unidentifiable creature. Details are provided about the sightings, the subsequent investigation, and media reports that followed.

Presents a history of monster lore in American popular culture, from legendary beasts, like Bigfoot, to present day creatures, such as the Montauk Monster.

Do strange creature's really exist in the world? After reading in this book the accounts of such monsters as Bigfoot, Chupacabra, and Mothman, you can make up your own mind.

A new Hollywood blockbuster, an amazing documentary, and thousands of web pages in its honor. What's the fuss? In a word--Mothman! A famous investigator examines the reports of this huge, red-eyed creature with wings seen over Point Pleasant, West Virginia on November 15, 1966?and the spawn of Mothman seen before and after that date.

The Dover Demon is real...and it has returned. In 1977, Sam Brogna and his friends came upon a terrifying, alien creature on a deserted country road. What they witnessed was so bizarre, so chilling, they swore their silence. But their lives were changed forever. Decades later, the town of Dover has been hit by a massive blizzard. Sam's son, Nicky, is drawn to search for the infamous cryptid, only to disappear into the bowels of a secret underground lair. The Dover Demon is far deadlier than anyone could have believed. And there are many of them. Can Sam and his reunited friends rescue Nicky and battle a race of creatures so powerful, so sinister, that history itself has been shaped by their secretive presence? "THE DOVER DEMON is Shea's most delightful and insidiously terrifying monster yet." - Shotgun Logic Reviews "An excellent horror novel and a strong standout in the UFO and cryptid subgenres." - Hellnotes "Non-stop action awaits those brave enough to dive into the small town of Dover, and if you're lucky, you won't see the Demon himself!" - The Scary Reviews PRAISE FOR SWAMP MONSTER MASSACRE "B-horror movie fans rejoice, Hunter Shea is here to bring you the ultimate tale of terror!" - Horror Novel Reviews "A nonstop thrill ride! I couldn't put this book down." - Cedar Hollow Horror Reviews

In recent years, the study and teaching of Native American oral and written art have flourished. During the same period, there has been a growing recognition among historians, anthropologists, and ethnohistorians that Indians must be seen not as the voiceless, nameless, faceless Other but as people who had a powerful impact on the historical development of the United States. Literary critics, however, have continued to overlook Indians as determinants of American—rather than specifically Native American—literature. The notion that the presence of Indian peoples shaped American literature as a whole remains unexplored. In The Demon of the Continent, Joshua David Bellin probes the complex interrelationships among Native American and Euro-American cultures and literatures from the mid-seventeenth to the mid-nineteenth centuries. He asserts that cultural contact is at the heart of American literature. For Bellin, previous studies of Indians in American literature have focused largely on the images Euro-American writers constructed of indigenous peoples, and have thereby only perpetuated those images. Unlike authors of those earlier studies, Bellin refuses to reduce Indians to static antagonists or fodder for a Euro-American imagination. Drawing on works such as Henry David Thoreau's Walden, William Apess' A Son of the Forest, and little known works such as colonial Indian conversion narratives, he explores the ways in which these texts reflect and shape the intercultural world from which they arose. In doing so, Bellin reaches surprising conclusions: that Walden addresses economic clashes and partnerships between Indians and whites; that William Bartram's Travels encodes competing and interpenetrating systems of Indian and white landholding; that Catherine Sedgwick's Hope Leslie enacts the antebellum drama of Indian conversion; that James Fenimore Cooper and Henry Wadsworth Longfellow struggled with Indian authors such as George Copway and David Cusick for physical, ideological, and literary control of the nation. The Demon of the Continent proves Indians to be actors in the dynamic processes in which America and its literature are inescapably embedded. Shifting the Focus from textual images to the sites of material, ideological, linguistic, and aesthetic interaction between peoples, Bellin reenvisions American literature as the product of contact, conflict, accommodation, and interchange.

Loren Coleman is the first and last name in cryptozoology. He's blazed the trail for so many of us. Massachusetts mysteries like the Dover Demon and the Bridgewater Triangle have names because Coleman discovered and named them. His years of research gathering the cryptid sightings, physical evidence, and details of these strange creatures and legends have paid off in a big way in Monsters of Massachusetts. --Jeff Belanger, author of Weird Massachusetts Bizarre beasts of the Bay State Featured in this volume include . . . • Dover Demon • Gloucester Sea Serpent • Hockomock Swamp's Beasties • Pukwudjees • Bigfoot

*Book Review: The Monster*

The Gothic mode, typically preoccupied by questions of difference and otherness, consistently imagines the Other as a source of grotesque horror. The sixteen critical essays in this collection examine the ways in which those suffering from mental and physical ailments are refigured as Other, and how they are imagined to be monstrous. Together, the essays highlight the Gothic inclination to represent all ailments as visibly monstrous, even those, such as mental illness, which were invisible. Paradoxically, the Other also becomes a pitiful figure, often evoking empathy. This exploration of illness and disability represents a strong addition to Gothic studies.
