exciting context for teaching the primary curriculum. On this course, you'll learn how to use examples from space exploration to teach science and technology in school, and discover hands-on activities for your pupils to enjoy.

Exploring Space - Online Teaching Course - FutureLearn

Airbus and its forerunner companies have contributed to the exploration of space – from learning more about the Earth to revealing details about other planets, moons and comets. Helios-A and Helios-B were the first space probes produced outside of the United States and the Soviet Union to leave Earth orbit, with their launches in 1974 and 1976.
