“ Updates Robert Louis Stevenson ’ s classic story . . . Teens who enjoy brooding love stories will not be disappointed ” (School Library Journal). Jill Jekel has always obeyed her parents ’ rules—especially the one about never opening the mysterious, old box in her father ’ s office. But when her dad is murdered, and her college savings disappear, she ’ s tempted to peek inside, as the contents might be the key to a lucrative chemistry scholarship. To improve her odds, Jill enlists the help of gorgeous, brooding Tristen Hyde, who has his own dark secrets locked away. As a team, Jekel and Hyde recreate experiments based on the classic novel, hoping not only to win a prize, but to save Tristen ’ s sanity—and maybe his life. But Jill ’ s accidental taste of a formula unleashes her darkest nature and compels her to risk everything—even Tristen ’ s love—just for the thrill of being bad. “ Fantaskey ’ s latest novel deliberately evokes the doppelganger theme and questionable experiments of Stevenson ’ s The Strange Case of Dr. Jekyll and Mr. Hyde. It also owes a great deal to Stephenie Meyer ’ s Twilight series . . . Fans of the genre won ’ t be able to resist this slick genre update. ” —Booklist

This volume provides an in-depth discussion of both Macrosomia and IUGR. Special consideration has been given to state-of-the-art developments in this important area of obstetrics. Subjects covered include, early pregnancy screening and sonographic detection of the IUGR fetus.

(Book). Owning and operating a recording studio presents the same challenges faced by other businesses. Successful recording studio owner Tom Volinchak reveals the ins and outs of how to turn your musical passion into a profitable venture. In this enlightening book, he covers in detail: sales and marketing techniques; promotional tools; adding value to your business; finding new business; making your studio demo; equipment tips; studio profiles; resource listings; and much more. "If recording means more than a hobby to you, get this book it'll pay for itself in spades." Lorenz Rychner, Editor, Recording magazine

From the classic Margarita to the Love Byte, "Cocktail Chameleon" is award-winning designer and producer Mark Addison's invitation to join him as he dresses up twelve cocktails in twelve unique variations for 144 signature takes on the classics. Mr. Addison tantalizes with molecular mixology to create the Anti-Gravity, instructs on how to reinvent the beloved Bloody Mary with sake, and invokes the famed royal rose garden with the Versailles. Inspiring the creative mixologist in everyone, Cocktail Chameleon will become an instant ally for hosts looking to elevate an occasion, or a much-needed friend to help unwind and end the day on a high note!

The study of criminal careers is of increasing interest in criminology. It is now generally recognised that it is important to try to understand criminal behaviour across the life-course rather than focusing on fragmented incidents which

provide only a partial picture. This is an accessible text which clarifies the crucial theoretical and methodological debates surrounding the study of criminal careers. It focuses on some major longitudinal studies discussing the onset, persistence, desistance and the duration of a criminal career. The important topics of prediction, risk and specialisation are addressed. The challenging question of 'When do ex-offenders become like non-offenders?' points a way forward. The book concludes by proposing an even more ambitious approach to the topic of criminal careers.

When a frightening ordeal turns her life upside down, Darcy reaches out to her friends for help, but discovers that one of them has an even bigger secret.

This reading of Milton juxtaposes the poet's theology and Freud's account of the Oedipus complex in ways that yield both new understanding of Milton and a model for psychoanalytic interpretation of literature. The book ranges widely through the art and life of Milton, including extensive discussions of his theological irregularities and the significance, medical and symbolic, he assigned to his blindness. Kerrigan analyzes the oedipal aspect of Milton's religion; examines the nature of the Miltonic godhead; studies Milton's analogies linking human, angelic, and cosmic bodies; and explores Milton's symbolism of home. In a commanding demonstration, Kerrigan delineates how the great epic and the psyche of its author bestow meaning on each other.

It's Dade's last summer at home, and things are pretty hopeless. He has a crappy job, a "boyfriend" who treats him like dirt, and his parents' marriage is falling apart. So when he meets and falls in love with the mysterious Alex Kincaid, Dade feels like he's finally experiencing true happiness. But when a tragedy shatters the final days of summer, he realizes he must face his future and learn how to move forward from his past.
