~~Politics of Heroin~~

"The Politics of Heroin in Southeast Asia" reveals the purpose behind the CIA's involvement in drugs: at least since 1954 in Guatemala, the US has been involved in massive international terrorism throughout Central America. being clandestine, the CIA needed untraceable money and brutal thugs, so the CIA turned to narco-traffickers - like Manuel Noriega (long on the CIA payroll before his demise).

"Tells the sordid story of how elements of our own government went to work with narcotics traffickers, and then fought to suppress the truth about what they had done."—Jonathan Winer, Counsel, Kerry Subcommittee on Terrorism and Narcotics

A startling exposé of the CIA's development and spread of psychological torture, from the

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

Cold War to Abu Ghraib and beyond In this revelatory account of the CIA's secret, fifty-year effort to develop new forms of torture, historian Alfred W. McCoy uncovers the deep, disturbing roots of recent scandals at Abu Ghraib and Guantánamo. Far from aberrations, as the White House has claimed, *A Question of Torture* shows that these abuses are the product of a long-standing covert program of interrogation. Developed at the cost of billions of dollars, the CIA's method combined "sensory deprivation" and "self-inflicted pain" to create a revolutionary psychological approach—the first innovation in torture in centuries. The simple techniques—involving isolation, hooding, hours of standing, extremes of hot and cold, and manipulation of time—constitute an all-out assault on the victim's senses, destroying the basis of personal identity. McCoy follows the years of research—which, he reveals, compromised universities and the U.S. Army—and the method's dissemination, from Vietnam through Iran to Central America. He traces how after 9/11 torture became Washington's weapon of choice in both the CIA's global prisons and in "torture-friendly" countries to which detainees are dispatched. Finally McCoy argues that information extracted by coercion is worthless, making a case for the legal approach favored by the FBI. Scrupulously documented and grippingly told, *A Question of Torture* is a devastating indictment of inhumane practices that have spread throughout the intelligence system, damaging American's laws, military, and international standing.

When the San Jose Mercury News ran a controversial series of stories in 1996 on the relationship between the CIA, the Contras, and crack, they reignited the issue of the intelligence agency's connections to drug trafficking, initially brought to light during the

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

Vietnam War and then again by the Iran-Contra affair. Broad in scope and extensively documented, Cocaine Politics shows that under the cover of national security and covert operations, the U.S. government has repeatedly collaborated with and protected major international drug traffickers. A new preface discusses developments of the last six years, including the Mercury News stories and the public reaction they provoked.

Major Motion Picture based on Dark Alliance and starring Jeremy Renner, "Kill the Messenger," to be released in Fall 2014 In August 1996, Pulitzer Prize-winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year-long investigation into the roots of the crack cocaine epidemic in America, specifically in Los Angeles. The series, titled "Dark Alliance," revealed that for the better part of a decade, a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA-backed Nicaraguan Contras. Gary Webb pushed his investigation even further in his book, Dark Alliance: The CIA, The Contras, and the Crack Cocaine Explosion. Drawing from then newly declassified documents, undercover DEA audio and videotapes that had never been publicly released, federal court testimony, and interviews, Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities. Webb's own stranger-than-fiction experience is also woven into the book. His excoriation by the media—not because of any wrongdoing on his part, but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story—had been all but predicted. Webb was warned off doing a CIA expose by a former Associated Press

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

journalist who lost his job when, years before, he had stumbled onto the germ of the “ Dark Alliance ” story. And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb, he had by then been pushed out of the Mercury News and gone to work for the California State Legislature Task Force on Government Oversight. He died in 2004.

“ This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War ” (Publishers Weekly). In the darkest days of the Vietnam War, America ’ s Central Intelligence Agency secretly initiated a sweeping program of kidnap, torture, and assassination devised to destabilize the infrastructure of the National Liberation Front (NLF) of South Vietnam, commonly known as the “ Viet Cong. ” The victims of the Phoenix Program were Vietnamese civilians, male and female, suspected of harboring information about the enemy—though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival. Between 1965 and 1972, more than eighty thousand noncombatants were “ neutralized, ” as men and women alike were subjected to extended imprisonment without trial, horrific torture, brutal rape, and in many cases execution, all under the watchful eyes of US government agencies. Based on extensive research and in-depth interviews with former participants and observers, Douglas Valentine ’ s startling exposé blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA ’ s history. The ebook edition includes “ The Phoenix Has Landed, ” a new introduction that addresses the “ Phoenix-style network ” that constitutes America ’ s internal security apparatus today.

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

Residents on American soil are routinely targeted under the guise of protecting us from terrorism—which is why, more than ever, people need to understand what Phoenix is all about.

A shocking expose of the CIA ' s role as drug baron. On March 18, 1998, the CIA ' s Inspector General, Fred Hitz, told astounded US Reps that the CIA had maintained relationships with companies and individuals that the Agency knew to be involved in the drug business. More shocking was the revelation that the CIA had received from Reagan ' s Justice Department clearance not to report any knowledge it might have of drug-dealing by CIA assets. Many years ' worth of CIA denials, much of it under oath to Congress, were sunk. Hitz ' s admissions made fools of some of the most prominent names in US journalism and vindicated others that had been ruined. Particularly resonant was the case of the San Jose Mercury News, which published a sensational series on CIA involvement in the smuggling of cocaine into black urban neighborhoods, and then under pressure conspired in the destruction of its own reporter, Gary Webb. In *Whiteout*, Alexander Cockburn and Jeffrey St. Clair finally put the whole story together, from the earliest days, when the CIA ' s institutional ancestors cut a deal with America ' s premier gangster and drug trafficker, Lucky Luciano. This is a thrilling history that stretches from Sicily in 1944 to the killing fields of Laos and Vietnam, to CIA safe houses in Greenwich Village and San Francisco where CIA men watched Agency-paid prostitutes feed LSD to unsuspecting clients. We meet Oliver North, as he plotted with Manuel Noriega and Central American gangsters. We travel to little-known airports in Costa Rica and Arkansas. We hear from drug pilots and accountants from the Cali Cartel. We

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

learn of DEA agents whose careers were ruined because they tried to tell the truth. Cockburn and St. Clair show how the CIA ' s complicity with drug-dealing criminal gangs was part and parcel of its attacks on labor organizers, whether on the docks of New York, Marseilles, or Shanghai. They trace how the Cold War and counter-insurgency led to an alliance between the Agency and the vilest of war criminals like Klaus Barbie, or fanatic opium traders like the mujahedin in Afghanistan. Cockburn and St. Clair horrifyingly affirm charges of outraged black communities that the CIA had undertaken enduring programs of experiments on minorities. They show that the CIA imported Nazi scientists straight from their labs at Dachau and Buchenwald and set to work, developing chemical and biological agents, tested on blacks, some of them in mental hospitals. Cockburn and St. Clair dissect the shameful way American journalists have not only turned a blind eye to the Agency ' s misdeeds, but also helped plunge the knife into those who tried to tell the truth. Fact-packed and fast-paced, *Whiteout* is a richly detailed excavation of the CIA ' s dirtiest secrets. For anyone who wants to know the real truth about the Agency, this is the book to start with.

"An important and timely book. The authors capture the dynamics of drug debate with uncanny accuracy. Too often, treatment and prevention get the short end of the stick in Congress, and this book explains why. *Drug War Politics* makes a compelling case for bringing public health principles to bear on the drug epidemic, and is essential reading for serious students of the drug issue."—Senator Edward M. Kennedy "A thoughtful analysis of the most fundamental and troublesome social problem in America. It reaches behind rhetoric and starts making sense about how we can go about saving ourselves from two addictions:

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

the terrible affliction of drugs and the easy talk that makes the rest of us feel good but does not deal with the problem."—Kurt Schmoke, Mayor, City of Baltimore "This well-informed book shows how political expediency and a punitive conventional wisdom have combined over the past decades to support a national drug policy that fills our prisons, depletes our budget, and destroys our poor. This is a wonderfully sane analysis of what has become a major form of national insanity."—Frances Fox Piven, City University of New York "We've needed a new way of thinking about the drug problem for a long time. Now we have it. Drug War Politics is one of the best efforts to reconceptualize a major aspect of crime, especially victimless crime, that I have seen since Morris and Hawkins' The Honest Politician's Guide to Crime Control of nearly 30 years ago."—Theodore J. Lowi, Cornell University "A compelling analysis of our failure. The provocative public health solutions it proposes to the drug-related crime, violence, and despair that ravage many of our inner cities show that we can give people a chance—a chance to fight addiction and build better lives."—Congressman John Lewis "We will never be able to arrest, prosecute, or jail our way out of the drug problem. To understand why, read this book. The evidence is overwhelming: we need a radical change in the mission and mandate of drug control."—Nicholas Pastore, Chief of Police, New Haven "This is the smart citizens' guide to the drug policy debate—to why we spend so much time and money on things that don't work, and to where we can look for guidance for things that do."—Barbara Geller, Director, Fighting Back, New Haven

Scott explores the covert aspects of U.S. foreign policy. He presents compelling evidence to expose the extensive growth of sanctioned but illicit violence in politics and state affairs,

Download File PDF The Politics Of Heroin Cia Complicity In Global Drug Trade Alfred W Mccoy

especially when related to America's long-standing involvement with the global drug traffic.
