comprehensively cover all course content, including an increased focus on developing critical thinking and ICT skills, as well as an emphasis on the ethical considerations of financial decision making. Clearly defined ICT activities challenge students to use spreadsheets to organise financial data or perform calculations, present information in the form of graphs, charts and tables, and model the impact of accounting decisions. Glossary definitions have been updated to reflect the new study design's use of the International Accounting Standards Board's (IASB) Conceptual Framework, and are presented in the page margins and collated at the back of each book. Study tips in the page margin have been updated to help students identify common errors or better understand course content, to aid with comprehension, revision and exam preparation. What we've kept that you love: Effective use of
