In 2011 the World Bank—with funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex

data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at www.worldbank.org/globalindex.

Recognized and acclaimed as one of the most brilliant Sales Executives in the beauty industry, Thomas has condensed his many years of sales and business experience into this easy-to-read and insightful book. Unlike similar books in the industry that only discuss hair, Thomas focuses on key business practices that are necessary to shape the mindset and behaviors of those who desire to be successful professionals, behind the chair and beyond! Whether you are a stylist or an owner, beginner or pro, young or mature; this book is equivalent to an MBA crash course in salon etiquette, marketing, management, leadership, fostering client satisfaction, preparing for retirement, and more. Thomas' no-nonsense and tough love approach mixed with humor will propel your business from mediocre to extraordinary.

In this fast-moving modern world, an overwhelming number of fathers are missing from their families. Many of those who remain either do not understand their responsibilities or they simply ignore them. This is no small matter. Sons and daughters rely on dads to be the character-builders of the family—the ones who anchor the family and teach how to be individuals of integrity. Geared for youth, young adults, and parents, this guidebook provides practical knowledge that will help the reader confront the challenges of relationships and work while remaining devoted to Biblical principles. This guidebook helps young men and women discover family values. It also helps parents who want to share these values with their children. God gave mothers inherent abilities to nurture their babies. These abilities, combined with their wonderful gift of life, create mother and child relationships that exceed normal understanding. Girls, you have this very special gift; learn how to protect it and not abuse or diminish it. Worthy insights deliver valuable lessons about life, work, and faith. You will gain a positive perspective on how to confront important issues such as developing a character for success, understanding Biblical principles, re-establishing moral values, building family and other important relationships, preparing for and landing a good job, establishing a career, starting a business, understanding the free enterprise system, and securing financial freedom.
