The first time I read a Dean Koontz novel was under his pseudonym, Leigh Nichols, it was many years ago but I remember that it was an excellent spine-tingling, suspenseful book and Winter Moon was no different. Dean Koontz knows how to instil fear in the reader, from the first page of Winter Moon the terror escalates little by little until the last few pages and then BOOM the tension builds faster and faster.

The stand of pines outside his house suddenly glows with eerie amber light, and Fernandez senses a watcher in the winter woods. As the seasons change, the very creatures of the forest seem in league with a mysterious presence. Fernandez is caught up in a series of chilling incidents that escalate toward a confrontation that could rob him of his sanity or his life--or both. As events careen out of control, the McGarvey family is drawn to Fernandez's Montana ranch. If you delight in the suspense of Stephen King and The Stranger by Harlan Coben chilled you to the bone (in the best possible way), you'll love Winter Moon - the classic thriller by Sunday Times and New York Times bestselling author Dean Koontz. 'Not just a master of our darkest dreams but also a literary juggler' - The Times. Eduardo is a lonely retiree living on his isolated Montana ranch. His life is peaceful, until one night he is awakened by a fearful throbbing sound and eerie lights in the woods. More mysterious and disturbing events follow over the next few months. Eduardo begins to fear for his sanity and his life, until the terrible night when someone - or something - knocks on his back door... One lovely spring morning in Los Angeles, cop Jack McGarvey is hammered by submachine-gun fire when a madman goes berserk. He barely survives. Jack longs to move his wife and son to a more peaceful place away from the city, but he feels utterly powerless and without prospects. In their hour of desperation, the McGarvey family receives an unexpected inheritance in the shape of a sprawling ranch in one of the most beautiful, peaceful places in the country: Montana. The family sets out from Los Angeles to begin their new life, unaware that the terror-riddled city will soon seem like a safe haven compared to what lies ahead. WINTER MOON is inspired by the author's short novel, INVASION, published under the pseudonym Aaron Wolfe.

Policeman Jack McGarvey connects the killing spree of a Hollywood director with a vision witnessed by an old caretaker on a lonely Montana ranch.

A scientific thriller finds three traveling companions--itinerant artist Dylan O'Conner, his autistic younger brother Shepherd, and Jillian Jackson, a young stand-up comic--on the run, just one step ahead of deadly pursuers, as they race against time to uncover the meaning of an attack by a mysterious doctor and the injection that now appears to have vicious consequences.

An Amazon Charts, Wall Street Journal, and USA Today bestseller. Number one New York Times bestselling master of suspense Dean Koontz takes readers on a twisting journey of lost love, impossible second chances, and terrifying promises. A decade ago, Emily Carlino vanished after her car broke down on a California highway. She was presumed to be one of serial killer Ronny Lee Jessup's victims whose remains were never found. Writer David Thorne still hasn't recovered from losing the love of his life, or from the guilt of not being there to save her. Since then, he's sought closure any way he can. He even visits regularly with Jessup in prison, desperate for answers about Emily's final hours so he may finally lay her body to rest. Then David meets Maddison Sutton, beguiling, playful, and keenly aware of all David has lost. But what really takes his breath away is that everything about Maddison, down to her kisses, is just like Emily. As the fantastic becomes credible, David's obsession grows, Maddison's mysterious past deepens--and terror escalates. Is she Emily? Or an irresistible dead ringer? Either way, the ultimate question is the same: What game is she playing? Whatever the risk in finding out, David's willing to take it for this precious second chance. It's been ten years since he's felt this inspired, this hopeful, this much in love...and he's afraid.

A man on a mission must come to terms with his forgotten past in this gripping thriller from #1 New York Times bestselling author Dean Koontz. In Portland, he saved a young boy from a drunk driver. In Boston, he rescued a child from an underground explosion. In Houston, he disarmed a man who was trying to shoot his own wife. Reporter Holly Thorne was intrigued by this strange quiet savior named Jim Ironheart. She was even falling in love with him. But what power compelled an ordinary man to save twelve lives in three months? What visions haunted his dreams? And why did he whisper in his sleep: There is an Enemy. It is coming. It'll kill us all...?

A catastrophic, unexplainable plane crash leaves three hundred and thirty dead -- no survivors. Among the victims are the wife and two daughters of Joe Carpenter, a Los Angeles Post crime reporter. A year after the crash, still gripped by an almost paralyzing grief, Joe encounters a woman named Rose, who claims to have survived the crash. She holds out the possibility of a secret that will bring Joe peace of mind. But before he can ask any questions, she slips away. Driven now by rage (have the authorities withheld information?) and a hope almost as unbearable as his grief (if there is one survivor, are there others?), Joe sets out to find the mysterious woman. His search immediately leads him into the path of a powerful and shadowy organization hell-bent on stopping Rose before she can reveal what she knows about the crash. Sole Survivor unfolds at a heart-stopping pace, as a desperate chase and a shattering emotional odyssey lead Joe to a truth that will force him to reassess everything he thought he knew about life and death -- a truth that, given the chance, will rock the world and redefine the destiny of humanity. BONUS: This edition contains an excerpt from Dean Koontz's The City.
